Animals including humans – all about animals

By the end of this topic I will...

- identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals
- identify and name a variety of common animals that are carnivores, herbivores and omnivores
- describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals including pets)

Links to the National Curriculum:

- identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals
- describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals, including pets)
- identify and name a variety of common animals that are carnivores, herbivores and omnivores

Working scientifically:

- grouping and sorting
- using their observations and ideas to suggest answers to questions
